Welcome TO GDGHacks 2026!

The Google Developer Groups at Guelph is launching a brand-new 24-hour hackathon! We are beyond excited to welcome you to the University of Guelph for an adventure day where code meets creativity. Our GDG club began this year as a place for aspiring developers, designers, and tech enthusiasts, and we have grown phenomenally into a community of over 550 members. Our club thrives on the passion and ambition of students like you, who are eager to push the boundaries of what's possible with technology.

We're putting a spotlight on fun, learning, and making unforgettable memories at GDGHACKS. Whether you're a novice or a seasoned programmer, our hackathon is the perfect arena to unleash your programming potential and network with peers and industry leaders. Our schedule is packed with engaging workshops, exciting activities, and plenty of opportunities to meet new people and forge lasting connections.

Get ready to dive into a weekend of coding, collaboration, and celebration.

Ready, set, hack!

Hackathon Schedule (24 Hours)

Day 1 (Saturday – May 9th)

6:00 PM – 7:00 PM – Hacker Check-In

7:00 PM – 7:30 PM – Opening Ceremony

Rules of Hacking

Team Rules:

- All team members must be accepted and registered as participants for GDDHacks 2026.
- Teams may have a **maximum of 4 members** who must all be able to attend the event in person.
- You **cannot** be a part of more than one team.
- A team can only submit a total of **one project**

Project Eligibility:

- All code for your project must be written between **6:00 PM EST on Saturday, May 9, 2025**, and **6:00 PM EST on Sunday, May 10, 2025**.
- To be eligible to demo your project, teams must submit their projects before **4:00 pm EST on Sunday, May 10, 2026**.
- You are allowed to use tools like LLMs (**e.g., ChatGPT, Cursor, or similar AI assistants**) during the event.
- ****It is permitted to prepare any structural components for projects requiring hardware in advance.**

****Note:** If you are bringing your own hardware, you must inform the organizers during team registration.

Rules of Hacking – Cont.

Project Eligibility:

- It is permitted to gather a data set that will be used as training data for projects utilizing AI in advance.
- Training an AI model on data in advance is not permitted.
- Any teams that commit plagiarism will be **disqualified**.
- You may use any publicly available **libraries/packages/design** assets.

Code of Conduct

Respect & Inclusion

Treat all participants, mentors, judges, and organizers with respect. Harassment, discrimination, or inappropriate behavior of any kind will not be tolerated.

Hardware Use

If you are bringing your own hardware, you must inform the organizers during team registration. All equipment must comply with the event's safety guidelines.

Fair Play

Plagiarism or submitting work that is not your own is strictly prohibited. Teams must ensure all contributions are properly attributed when applicable.

Safety

All participants must follow venue rules and safety instructions at all times. Unsafe or disruptive behavior may result in disqualification.

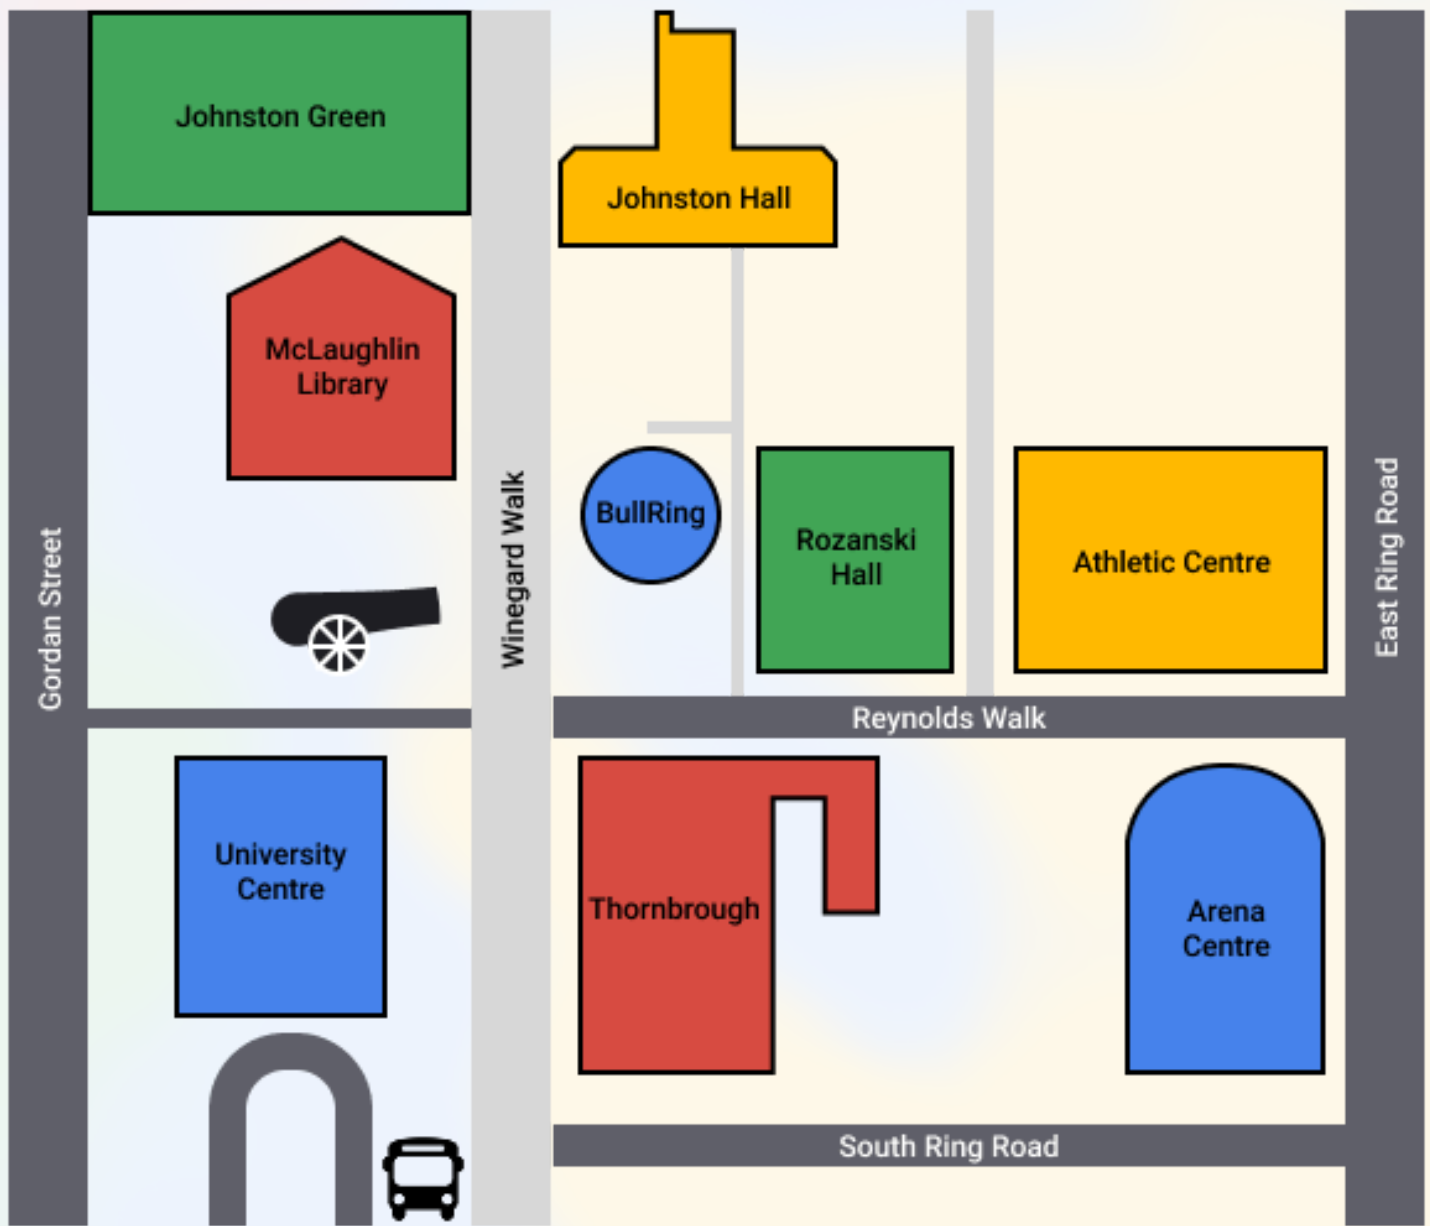

Organizer Authority

Organizers reserve the right to remove any participant or team that violates these rules or disrupts the event.

Campus Map

The hackathon will take place in Rozanski Hall at the University of Guelph.

Submission Instructions

- Register for the hackathon on Devpost
- Ensure your Devpost team information is accurate
- Click the "Start project" button to begin submission
- Add a title and a short description of your project
- Click the "Import from portfolio" button to import your project
- Agree to terms and conditions and then click the "Submit project" button

For more information please visit Organizers reserve the right to remove any participant or team that violates these rules or disrupts the event.

Hackathon Prep

We will be providing all meals and snacks throughout the event. However, participants are welcome to bring their own snacks while they work.

Note: If you have any dietary restrictions (e.g., gluten-free, vegan, etc.), please email **gdgguelph@gmail.com** in advance.

Here's a small list of things we recommend each Hacker should bring:

- Laptop + Charger
- Toothbrush + Toothpaste
- Cell Phone + Charger
- Photo ID [MANDATORY]
- An extra hoodie
- Headphones, notepad, and pens
- Reusable water bottle
- Allergy medicine! (or any other medicine you need!)
